Oxford University Press. Multiple copy pack. Book Condition: new. BRAND NEW, Oxford Handbook of Critical Care and Emergencies in Critical Care Pack (3rd & 2nd revised ed), Mervyn Singer, Andrew Webb, Martin Beed, Richard Sherman, Ravi P. Mahajan, This excellent value pack contains the Oxford Handbook of Critical Care Third Edition and Emergencies in Critical Care Second Edition. The combination of practical advice and essential background information with an easily accessible guide in emergencies presents a unique package essential to every doctor with an interest in Critical Care. The fully revised, third edition of the Oxford Handbook of Critical Care describes best practice of critical care in a succinct, concise and clinically-orientated way. Covering the principles of general management, it includes therapeutic and monitoring devices, specific disorders of organ systems, as well as detailed information on drugs and fluids. New material has been added on key areas such as airway maintenance, dressing techniques, infection control, echocardiography, tissue perfusion monitoring, coma and more. With up-to-date references and invaluable clinical advice, there is also plenty of space to add notes or amend sections to suit local protocols. Emergencies in Critical Care provides a practical, accessible guide to all emergency situations encountered in the critical care setting. Emergencies are very common in the critical care setting; but also surprisingly predictable. This book helps critical care staff identify those at risk, how to manage them, and be prepared in the ward. This second edition covers new areas of importance, including sections on how to deal with adverse events and critical incidents involving critically ill patients, patient-safety and improved patient rescue packages, and on the practicalities of infection control procedures. Normal values have been combined into one short chapter for easy reference. Easy to use and evidence based, this book will help all critical care...
